T. CLARKE,
Offg. Secretary.

No. 195—Rev. 5, dated Bangalore, 10th April 1875.

Order.—The question of the transfer of certain lands within the limits of the Bangalore Cantonment Municipality formed the subject of the *marginally noted correspondence, and has for some time past engaged the attention of the Chief Commissioner. He now directs that the accompanying copy of a list shewing the several descriptions of lands within the Cantonment Municipal limits as classified and assessed by the Survey Department be forwarded to the President of the Board for his information and guidance with the following remarks.

*No. 5857—163, R, dated 1st Feb. 1873, to Govt. of India, Foreign Department.
No. 49, R, dated 19th March 1873, from do.
No. 58, dated 10th April 1873, from do.
No. 453—16, dated 20th April 1874, to do.
No. 133, R, dated 30th June 1874, from do.

2. Such of the lands mentioned in the list as fall under the category of *unclaimed and †Nazul lands cannot be assigned to the Municipality under the Resolution of the Government of India, dated 22nd March 1873, No. 58, R.

* Nos. 5 and 6.
† No. 4.

The President should not hereafter sell or otherwise appropriate them for use without the special sanction of the Chief Commissioner. Similarly, lands occupied by the Military authorities (No. 7, 8 and 9) should not be interfered with by the Municipality. The Municipality may, however, if suitable terms can be agreed upon, be allowed the disposal of, and the revenue arising from, such portions of the other descriptions of lands (No. 1, 2 and 3) within Municipal limits as have not been already appropriated for authorized local purposes, on the understanding that this grant is merely temporary and terminable at any time by the orders of the Chief Commissioner.

The revenue derived by Government which it is proposed thus to make over to the Municipality amounts to Rs. 11,398; and before passing final orders the Chief Commissioner resolves to call upon the President of the Cantonment Municipal Board to report at an early date, what additional contributions the Municipality is prepared to pay towards Educational, Police and Medical charges in return for the proposed grant.

T. CLARKE,
Offg. Secretary.

To—The President, Cantonment Municipal Commission.

Proceedings of the Chief Commissioner of Mysore, Department of Revenue, Agriculture and Commerce, 8th June 1876.

4. As regards para 5, I beg to state that it is only in a large and populous town, such as Bangalore, that any sum of money from the sale of building sites sufficient to form a fund for reproductive works is ever likely to be accumulated, and the plan may be adopted in lieu of carrying the proceeds of such sales as heretofore to current income.

5. There are in this Division thirty-six other Municipalities, and though a little money was obtained from the sale of building sites at first starting, I feel certain from an examination of the accounts that not more than Rs. 50 or 60 on the average will be realized each year hereafter, and such sums would be too insignificant to form a fund for any important work, and the realizations under this heading may therefore in the case of the small Municipalities be advantageously included in current income as heretofore.

From the Superintendent, Nundydroog Division, To the Secretary to the Chief Commissioner of Mysore, No. 149, dated Bangalore, 18th November 1872.

In continuation of my letter No. 129 of 22nd ultimo, I would beg to point out that the transfer of the land revenue proper now realized within the limits of the Municipal Board's jurisdiction will be no compensation for the maintenance of the Police. This will be at once understood by a reference to the figures noted below :—

Lands purely agricultural, assessed at Rs.	9,760	
Lands built upon or taken for building purposes, assessed at Rs ..	235	
	———	9,995
Lands cultivable but not cultivated, assessed at Rs	1,403	
Unclaimed arable waste Rs	491	
	———	1,894
		11,889
Cost of Police (excluding Superintendent, Assistant Superintendent, and Office Establishment) Cantonment .. 30,720 / Town .. 20,712		51,432
Balance to be paid by the Board Rs	39,543	

No. 2327—Rev. 40, dated Bangalore, 8th June 1876.

Order thereon.—The ~~Officiating~~ Chief Commissioner directs that the assessment or rent derived or derivable from the lands specified in classes 1, 2, and 3 of the statement appended to the Chief Commissioner's Order No. 195—Rev. 5 of 10th April 1875, be credited to the Cantonment and Town Municipal Commissions in equal shares with effect from 1st April 1876.

2. The collections will be made, as heretofore, by the Deputy Commissioner, Bangalore District, and paid to the President, Municipal Commission, with a deduction of 10 per cent on account of cost of collection.

3. The ~~Officiating~~ Chief Commissioner directs further that, out of the additional income thus assigned to the Municipal Commissions, a sum of Rs. 5,000 be allotted towards the erection and maintenance of any useful public institution which it may be determined to provide, to meet the requirements of both the Town and Cantonment. Chief Com'r ~~Mr. Dalyell~~ would desire the President to consult the members of both Boards on the subject and to submit their views for the Chief Commissioner's consideration.

T. CLARKE,
Offg. Secretary.

To—The Commissioner of the Nundydroog Division.
„ President, Municipal Commissions, Cantonment and Town of Bangalore.

From the Commissioner, Nundydroog Division, To the Offg. Secretary to the Chief Commissioner of Mysore, General Department, No. R. 66, dated Bangalore, 3rd August 1875.

Having met the President of the Municipal Board and discussed the subject referred to in the Chief Commissioner's orders dated respectively the 10th April and 9th June 1875, I have the honor to state that the matter therein referred to was fully reported on by me in my letters Nos. 129 and 149 of the 27th of October and 18th November 1872, and the classification and figures in the appendix to the Chief Commissioner's order of the 10th of last April are those which I sent up at that time. However for ready reference I beg to enclose copies of the letters and of the memorandum to which the first one gave cover. I have again gone into the whole matter with Dr. Orr and we find that the revenue from class No. I is the only money which the Municipality will obtain by the concession. The amount therefore will be only Rs. 9,760 instead of 11,398, as Mr. Dalyell will perceive that under classes 2 and 3 the revenue is merely a *pro formâ* entry to shew the assessment to which the Survey considered the land liable.

2. In my letter of the 18th of November 1872, I pointed out how inadequate the revenue under all the headings would be (even if available) towards adjusting the expense of the Police by the Municipality, and I still think that if it is intended to accumulate liabilities on the Board, that the only fair and just means of disposing of the question is to direct that all Public Buildings, both Civil and Military, be assessed in the same manner as private houses, and then we can see what the Municipal income amounts to, and assess the Board with such liabilities as the Government may consider fairly payable by the Corporation.

3. All the above buildings are included in the watch and ward and conservancy and lighting arrangements of the Municipality and will be also provided with gas outside, and probably water also in due course, and should, I think, take their fair share of the burden from which none others are exempt.

4. I scarcely think the amount of the present concession sufficient to justify a new contribution on the part of the Municipality either towards the Police or Education; but if thought desirable, the Board might be called on to establish and maintain two or three Dispensaries in suitable localities at a cost not exceeding half the amount conceded.

5. These dispensaries would be an inestimable boon to the people living in their immediate vicinity, particularly in seasons like the present when fever is unusually prevalent, and with good men in charge would be resorted to largely and would be far more appreciated than small grants-in-aid to Educational Institutions; for I leave the Police out of the question on the occasion of a small concession such as the one under discussion, as I think where the watch and ward of a large Military station on the one side and a fort and arsenal on the other has to be provided for, that Government should bear the larger burden, and not the Municipality, especially as the latter now pays for the whole of the Pettah Police at rates of pay and on a scale which had not been reached and was not anticipated at the time the arrangement was originally made.

From the Superintendent, Nundydroog Division, To the Secretary to the Chief Commissioner of Mysore, No 129, dated Bangalore, 22nd October 1872.

Adverting to your memorandum No. 2681—581 of 15th August 1872, calling for an expression of opinion on the rules proposed by the Government of India for regulating the assignment to Municipalities of lands situated within their boundaries, I have the honor to forward for submission to the Chief Commissioner a memorandum containing certain suggestions as regards the mode of dealing with the different classes of lands situated within the new Municipal limits of the Cantonment and Pettah of Bangalore.

2. It will be noticed that the headings of this memorandum, as defined in the first column, are based on the land classification of the Revenue Survey. The second column contains the opinion of the President of the Municipal Board which he has handed me with certain other proceedings as having been arrived at by himself conjointly with the Superintendent of the Revenue Survey and the Bangalore District Deputy Superintendent in March last. The third column sets forth my own views on each point for Colonel Meade's consideration.

3. With reference to para 3 of letter No. 3—704 from the Government of India, I beg to state that I see no objection to the grant of all unculturable and unclaimed building sites, or to the transfer of all small portions of unassessed land of less than one acre in extent to the Municipality, but any lands that can be leased for grazing purposes should continue under the exclusive control of the Revenue authorities.

Sir,

I have the honor to submit copies of Correspondence as per margin between this office and that of the Assistant Superintendent of Police with reference to a passed bill amounting to Rupees 1009-being the 1/3rd share of the total charges incurred in the reconstruction of the Police Station at Shoolay and for which no provision was made in the current years Police Budget which forms the basis for Police charges in the Municipal Budget.

Dt No 686/1414 from the Asst Supdt of Police

Dt No 717/150 from — do —
& 16th

The Assistant Superintendent of Police had in the list of Charges required to be provided in the Municipal Budget for 1877-78 included a sum of Rupees 1333/ as the share to be borne by the Municipality

on this account but the extra charges
incurred on account of Famine Batta
to the Subordinate grades of the Police
Force had nearly absorbed the allotment
under head Police for that year. It will
be observed from the enclosed Correspondence
that this charge was accepted and paid
with a distinct proviso that the total
Budget allotment would not be exceeded,
On the application of the Assistant Superin-
tendents of Police at the close of the year to
draw Rupees 1,333/- and to hold in deposit
pending the completion of the above work
it was disallowed which was Communicated
to him in this office etc. 4500 dated 23rd
March 1878 attached.

Under these circumstances I beg you
will be good enough to submit the matter
for the favorable Consideration of the Chief
Commissioner and obtain his Sanction
for payment of the amount from the
Government Treasury.

In Conclusion I beg to point out that
the collections under head Octroi and

Liquor

Liquor Licenses fees &c as will be seen from the Statement at foot have fallen short of the anticipated Income under these heads and therefore trust that under these Circumstances the Chief Commissioner will be pleased to accord his Sanction to this my applica-tion
